CONTENT WARNING

Feral & standard drawn pornography, themes of grooming, harassment (including death threats related to s/h), & child endangerment.

Geuse publicly uses He/Him pronouns

EDIT: Geuse has deleted all social media including his YouTube channel and is supposedly getting help. We wish him the best of becoming a better person. This doc remains up for informational & archival purposes.

Do not harass anybody mentioned in this document, that includes Geuse himself.

This also means do NOT try to uncover the identity of censored users. Many have told us explicitly to keep them anonymous, please respect their wishes

*Additionally, do **NOT** accuse Geuse of being a pedophile or even a zoophile. They **aren't**, to our knowledge, trying to get with kids or express attraction to them, and they've expressed **frequently** that in terms of NSFW content, they're merely a **grifter** only in it for the **money** and **outrage**. So do **NOT** boil this document down to "____ is a zoo/pedo". What he is, though, is a groomer. For desensitizing and normalizing the exposure of nsfw content to the minors in his server, as well as convincing them to be his "warriors". **That actively discredits & muddies our actual argument.** Thank you for reading.*

Do not engage with Geuse **AT ALL**. Block him, move on. This document is meant to inform people of Geuse's actions so they know to avoid him. **Geuse is an attention seeker, do not give him your attention**.

Screenshots with timestamps are in Central Standard Time (CST), with few exceptions.

All children involved are censored & anonymous for their safety.

This document covers only new information after the Straight Boyz MAP situation up to about late March, 2023, though it may include info from such for context. If you'd like to read a little bit about that, I'll direct you here: https://docs.google.com/document/u/0/d/1mS5tpCVGvjeI5vh0wiQeUalzl3kHxsLtBQefxXVRfK0/

All screenshots on their own can be found here, though additions are made from time to time if I miss anything, it's a work in progress: https://drive.google.com/drive/folders/1eLOT8X9YFZzcJy4jhFMW9Ve8FHnpOQ4K?usp=sharing

encourage you to read or even just skim the whole thing, but the main thing that will be focused on here is: Grooming + knowingly sending porn to minors, creating feral porn, and encouragement + engagement in harassment.

Geuse's New Servers

In Geuse's new server ("Gas Corps"), every channel was age-restricted. Despite this, Geuse has allowed children to run rampant and goes as far as to encourage dangerous behaviors such as NSFW talk & art, and harassment.

Blue is allegedly 15 as of writing this (Blue is "Scotty" in the document linked in the beginning, he no longer uses this name), and openly calls themself a minor, as well as had it listed in his discord bio for a time, pink is 16, and lime **was** 17 as shown in their bios and through their own admission, though they turned 18 in mid April, we will still be censoring their user and tag for their safety. Geuse (nickname "NO I DON'T WANT THAT" and pink role) is 20 years old during these exchanges, their s/o, Voidcatto, is also an adult in their 20s like Geuse. Those who have their names uncensored may request to have theirs censored as well, but we are assuming that unless stated otherwise that these people are adults, since they do have access to 18+ channels. They very well could be lying about or quiet about their age, and we are very open to that and will make adjustments as developments arise, since Geuse has set a precedent that they do not care if minors interact with NSFW content, with very limited and fruitless attempts to prevent sexual talk.

The following screenshots are examples of unchecked NSFW talk and allowing or encouraging harassment, perpetrated by those who are minors and allowed freely by Geuse:

Please note this comment by Myn & Void is not an admission of genuine guilt. They love to call each other "zoos" as a "funny joke". The important part of the below screenshot is the minor, Blue, reading warrior cats incest porn fanfics. Which is worrying to flat out admit and be open about as a minor, and is something Geuse should **NOT** be allowing mention of or talk of in a server where he **KNOWS** minors are present.

The message below is in response to Geuse's first drawing of feral nsfw, posted uncensored to the "degeneracy" channel (this is an 18+ channel, but Geuse is well aware that Blue is a 15 year

old minor). This is also important not only for Geuse interacting with a minor interacting to feral nsfw, but also as an admission that Geuse is drawing awful things to make people mad & make money. (“It was horrible to make but lol”)
He should **NEVER** be engaging a **minor** in sexual conversations, and especially not encouraging them to create nsfw content. It’s negligent and dangerous. It makes them feel like they’re special, they’re old enough for it, they’re not. This is cut and dry **child endangerment**.

Today at 17:43
whether or not you think it's satire doesn't make it satire, that's your opinion. it *is* satire, that's what i intended. it's not actual porn. the first drawing is suggestive AT A STRETCH, there's no explicit imagery, and it's not intended to be erotic. the second drawing maybe took me 30 seconds at most. my drawings are not porn. i get that some people took issue with the straight boyz map, it made some people uncomfortable and i understand, the warriors fandom is made up primarily of minors, but not completely. i myself am i minor, and it really doesn't make me that uncomfortable. i *know* that some people were made uncomfortable by that map and that's their problem. if the person who sent you that really thought it was that a drawing of a cat with a dick was* so* horrific that they had to take a screenshot of a drawing that i did in maybe 10 minutes and send it to you, i wonder why they joined that server in the first place?

For the image below, the emphasis is on the black underlined portion. Geuse did draw art for Blue, while not sexual, he posted it on his 18+ Twitter, of which he allowed Blue to follow. Blue

also made an nsfw-ish edit of the art piece, and to our knowledge, Geuse never tried to discourage it.

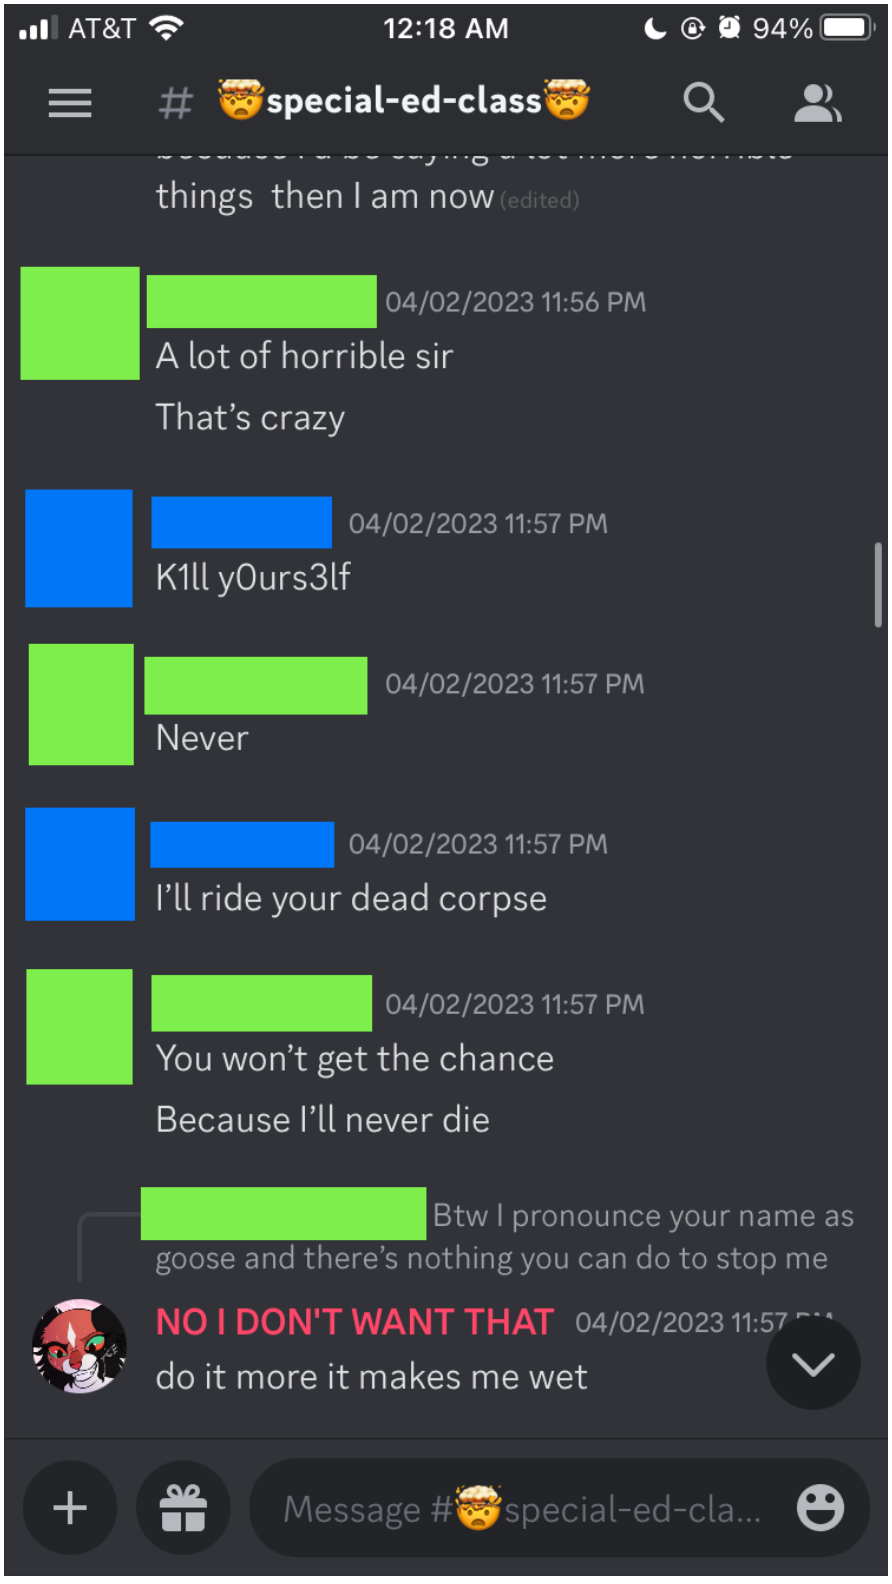
(Small note: the “hell” chat was renamed to “special ed class” somewhere between April 2nd and April 3rd)

Reiterating, this sort of talk should never be allowed between minors in a public server, and Geuse’s comment, while a joke, is wildly inappropriate. These kids are not on the same level as him, and by being allowed to act this way, are encouraged to continue. Which we do see continue.



April 3rd, 2023:

Blue (15) prying into the sex life of Geuse & Voidcatto. This is only jokingly and softly discouraged. The type of action Geuse should be taking is to be a responsible adult and tell them not to do this to them, or anybody. It’s unacceptable, shouldn’t be normalized, and can get them easily hurt.

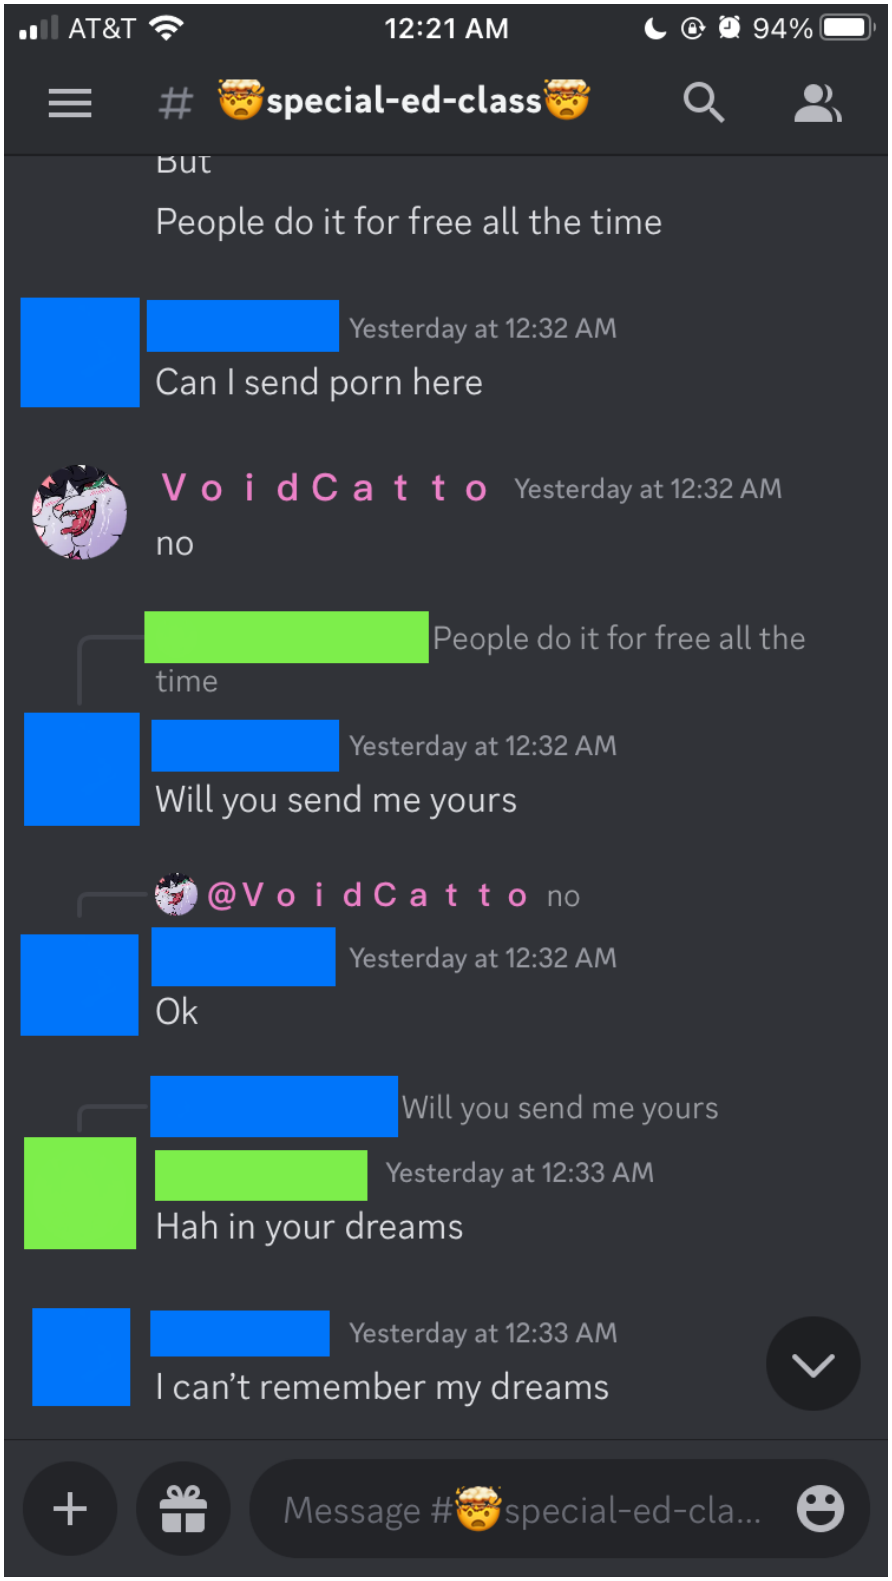
This (below) does showcase one of the few times Geuse & Void have rejected the sexual talk and said something halting it. Regardless of this, the two minors continue to publicly flirt after the fact.



Continued flirting, even though it is presented jokingly the content of it is still extremely inappropriate and unhinged. Geuse even encourages this talk with "'I can't' = quitters talk" and then laughing it off, **which is no way for an adult handling a public server to handle teens having public sex talk. Geuse should not be egging them on. He should be putting his foot down and telling them to take it to private DMs.:**

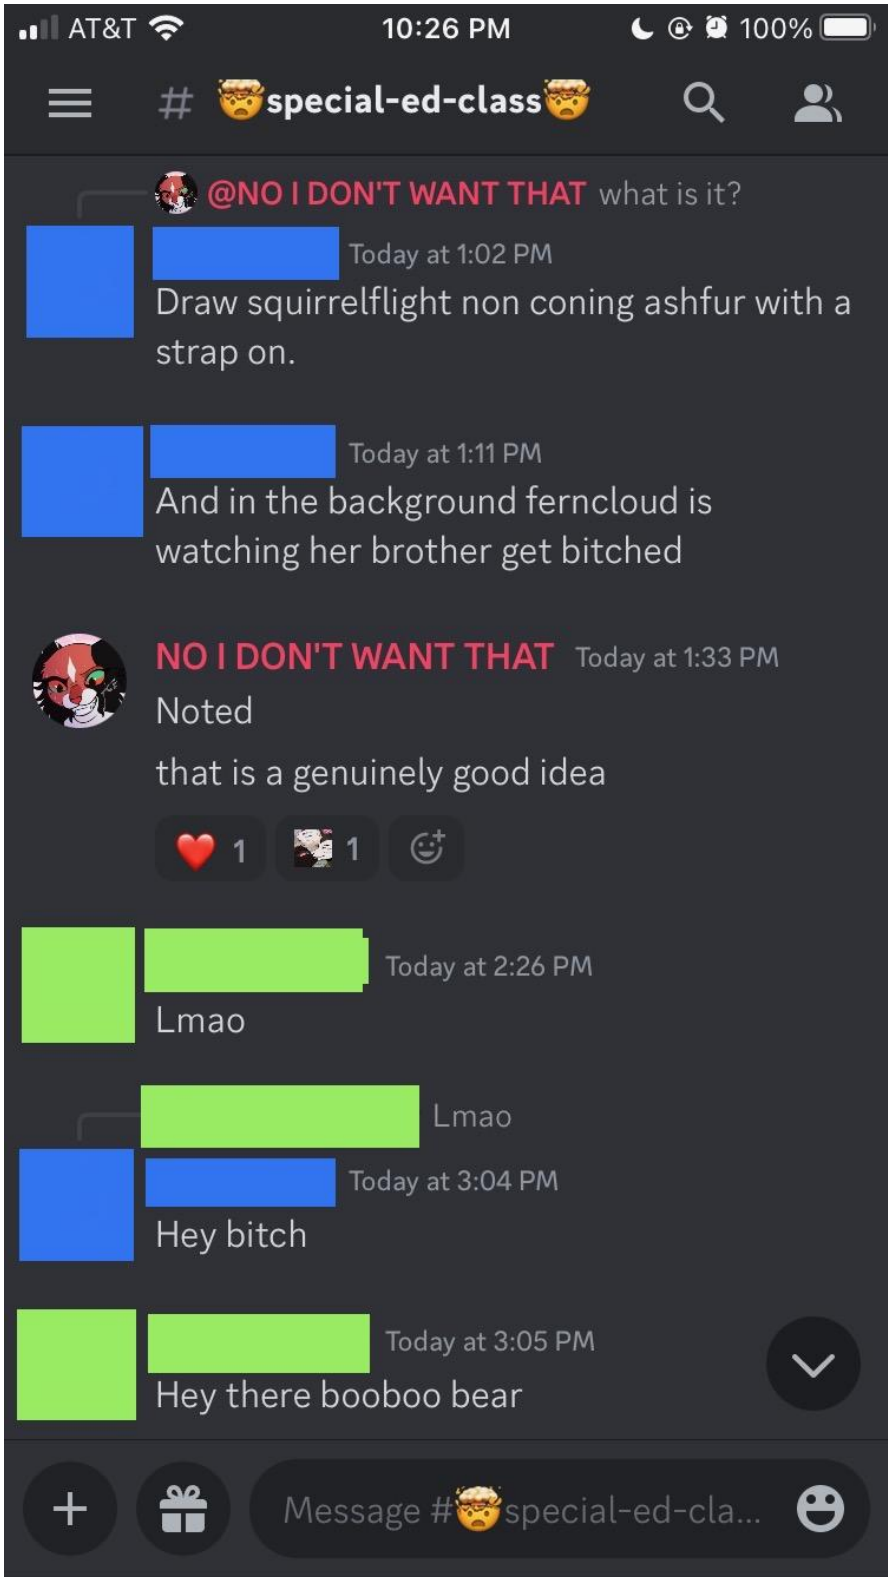
Taking suggestions for pornographic content suggested by a minor. Encouraging and <u>praising</u> it, even.

April 4, 2023:



Geuse also openly encourages the drawing of zoophilic NSFW content by minors. **They do NOT care about their safety and even goes out of their way to deflect blame onto the minor for being "chaotic".** This isn't something you blame the minor for, Geuse. You encouraged this. You **SHOULD** put them on a leash, you **SHOULD** tell them to cut it out. You **KNOW** they're **minors**. This is blatantly blaming the victim for being groomed.
And yes, the nsfw channel does serve as proof of grooming behavior, because **YOU** are in it, Blue. You're not an adult. Additionally, **it's against Discord TOS.**

The new server isn't much better though. Despite the presence of Pink and Blue, and yet another confirmable minor account, porn gets sent here and Geuse allows it. There are no age restrictions. I'm not sure of Red's age, nor the others, so their names are censored.

Edit: more names were censored because more ages were revealed. ***Orange admits to being 15*** *after this document's initial release, which you can find at the bottom of the "Harassment of PineeCat" section.* ***Purple admits to being 13*** *at the end of this section, others have admitted in private, and I will respect their wishes for total anonymity, as they were not provided it when this doc was first publicized.*

Quick disclaimer: Arrtemisa no longer supports Geuse and has not for a long while. They were unaware but growing increasingly uncomfortable with the circumstances of the server. I'd like to make it clear that the vore art isn't inherently bad, and the censored portion does not contain any genitalia and is merely censored because it is vore. I'd also like to note that other

than this message, they were not very active in Gas Corps to begin with, and asked before sending if it was okay to send.
Arrtemisa is innocent in this, as they were under the impression that it was allowed. **Please leave them out of this from here on!**

Geuse's NSFW Art & Twitter

SPECIAL CONTENT WARNING FOR MENTIONS OF & CENSORED IRL BLOOD

It's extremely important to note that **we do not believe that Geuse is a zoophile**. In fact, we believe he 100% is not. The reason being Geuse's intentions behind making this art is purely to piss people off and make money. It doesn't appear to be a reflection of his actual sexual desires or tendencies.
Still, nonetheless, creating art of this nature merely to make people angry, stir up drama, and fuel harassment of others, should **not** be defended. Additionally, feral NSFW is still feral NSFW, and is questionable- *to say the least*.

From this point on, unless noted to have taken place before March 28, 2023, Geuse wiped all prior messages from the “hell” (general) chat, removed its age restriction, and removed the “degeneracy” chat.

We had to very heavily censor the following image because it is a **real** photo of a **massive** blood clot the size of someone's **pinky finger** that was sent without warning or spoiler markings. To make matters worse, this, along with the feral porn in the background, was sent **after** the "hell" chat was wiped and its age restriction removed (as you can see by the lack of a "⚠️" in the chat title). Small editors note that I genuinely almost vomited trying to censor this image. Remember that this was Geuse's **public** server with **multiple** minors present, who still go on to publicly praise Geuse despite everything.

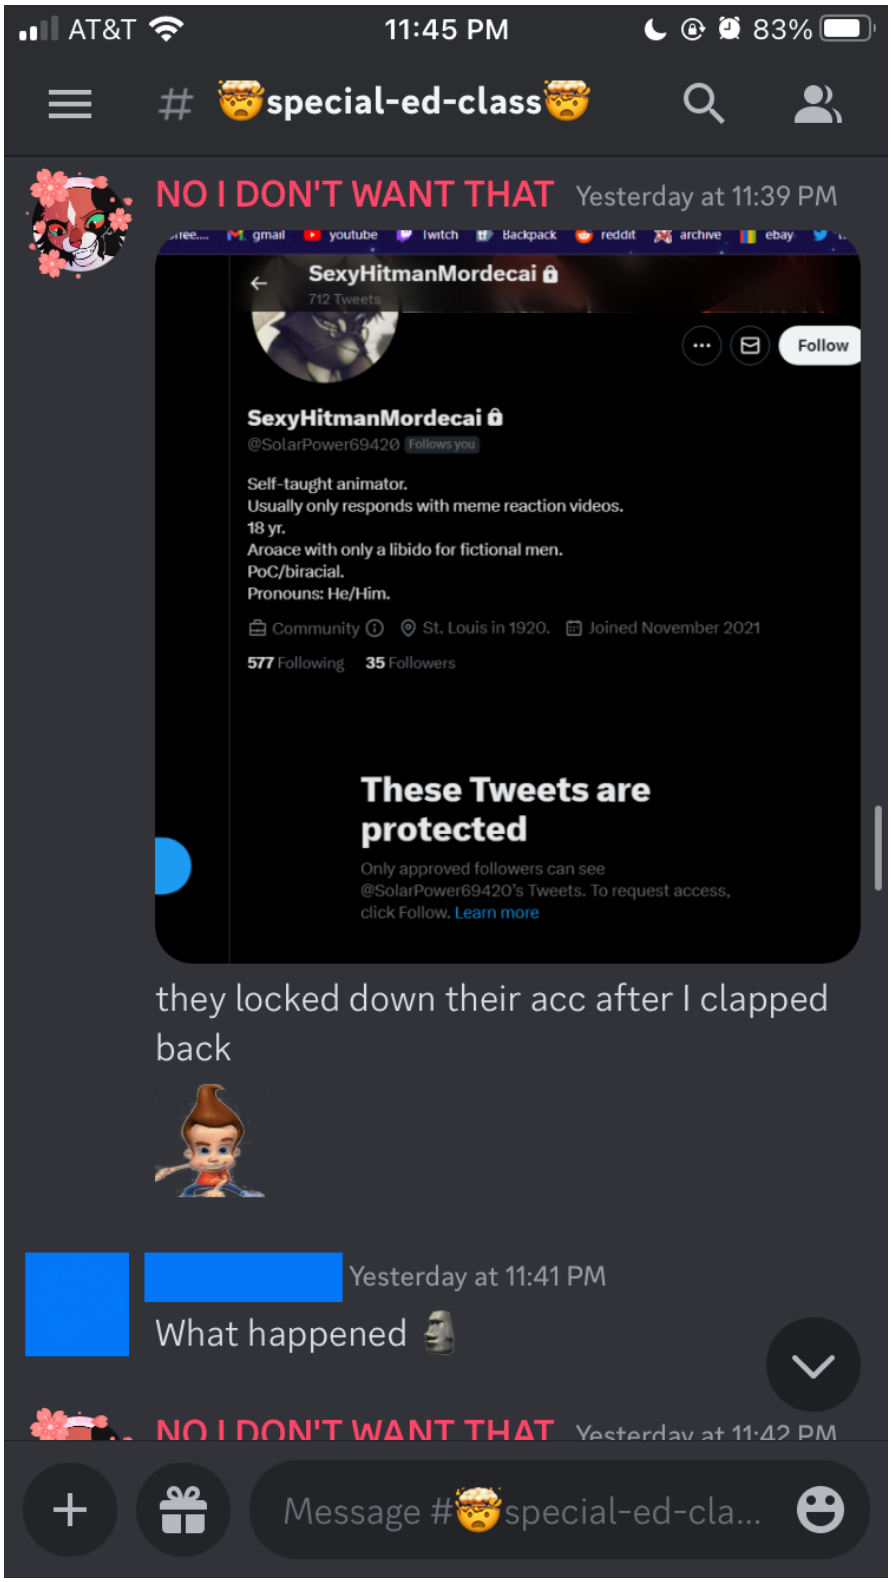
”chocmilkcat” is verified to be “Myn” from Geuse’s server.

This is proven by a comment they claimed to have made in response to someone trashing on Geuse in replies:

April 11, 2023:



I want to make a note that their account was not “dedicated to roasting Geuse”. This is just a completely incorrect assessment.

The actual comment & account by Myn:

While we do not condone this type of response to Geuse, it's fair to say the vulgarity of Geuse and his friends in response to others is far worse than any meme formatted hate. Explicitly saying "shave their wrists" is extremely graphic, appalling, and gross.

Why is this in the NSFW Art section: one, to verify Myn's identity. And two, because Geuse retaliated by drawing feral porn of who they thought was Solar's OC, as shown 4 images ago. This isn't Solar's OC, nor is it a feral character, though Geuse went out of his way to do this to silence and piss off Solar— which didn't exactly work, as Solar completely ignored him and didn't give him the attention he fished for.

Geuse has created a new Twitter account after its suspension and failure to be reinstated, on this Twitter he follows “Labbit”, the fighterfelines artist that Giginaute supported and drew fanart for. Labbit has drawn pedophilic art including Darkstripe and Sorrelkit, among others. He has once interacted with this user as well.
My guess is as bait from those of us working on documents, **I highly doubt this represents his actual interests, as he’s expressed he does not actually like porn.**
Even still, it’s scummy behavior.
Geuse’s new Twitter account is mostly inactive at this point. I recommend blocking and reporting it, along with his following list, who are the friends of his who harass others on behalf of Geuse.

Censoring art isn't protecting anyone. You're just clutching your puritan pearls and pretending like you're doing it for the children.

No the fuck you aren't. You're snuffing out human expression of the human experience, the good, the bad, and the ugly. It's disgusting behavior.

Support of Labbit, joking about kitten rape. "Rapeclan" is a porn comic Labbit is working on, albeit with shitpost characters, which has pedophilic themes with its child characters:

Support of Abhorrent Creators & Ships

I'd like to preface this section w/ saying that Geuse often deliberately goes out of his way to support awful things simply to make people angry, and may or may not reflect his true beliefs. Either way, the following behavior is still wrong and disgusting.

Geuse has made 2 now deleted or private videos (not anymore, sometimes they're up, sometimes they're not, here's the links: https://youtu.be/RRcTIh3yPy8 https://youtu.be/w6AytLXU1ck) depicting Spottedleaf and Thistleclaw. These range from being "comedic" to being vulgar and explicit. One of which, in his animation reel, shows the aftermath of an implied rape done by Thistleclaw to Spottedleaf where blood and semen are shown coming out from under her tail.

Not only this, on April 11, 2023, Geuse released a brand new MAP Call focused on “Problem Ships”. Depicting Hawkfrost x Ivypaw in the thumbnail. For those unaware, Hawkfrost manipulated Ivypaw when she was an apprentice to train in the Dark Forest. Hawkfrost was an adult by the middle of the New Prophecy, and Ivypool was born at the beginning of Omen of The Stars. In the books he’s depicted manipulating Ivypaw as she’s very young and impressionable, grooming in this context.

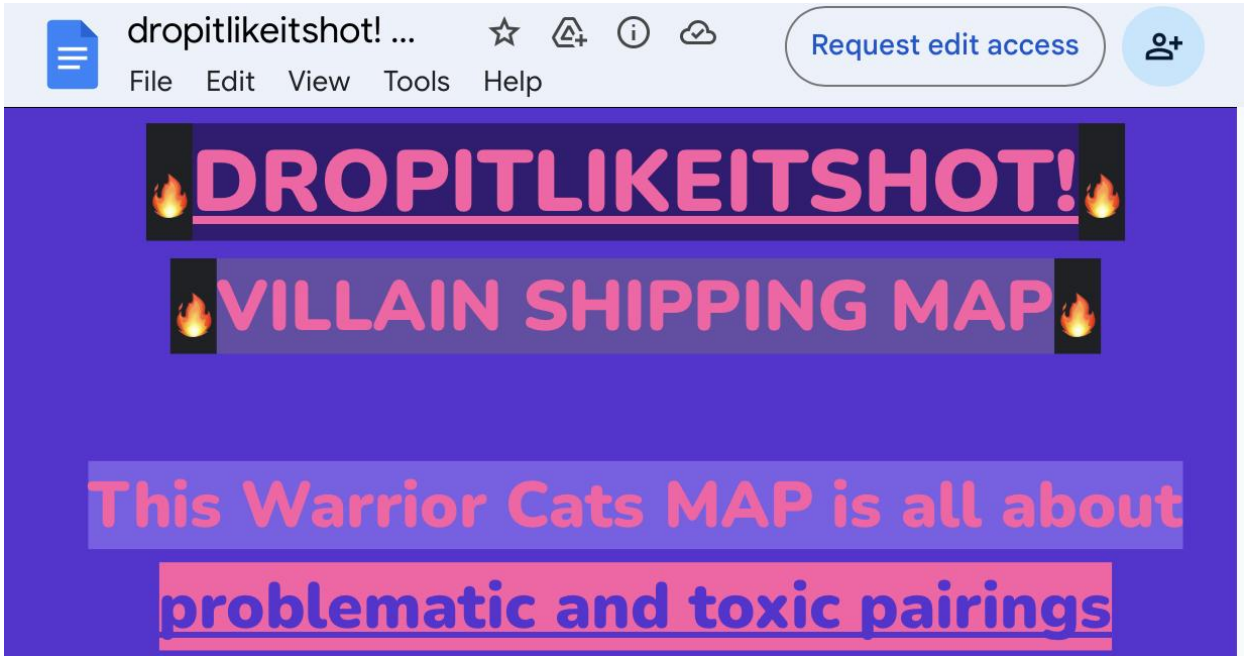
Geuse Wanna complain? Keep it in this thread instead of bothering others.

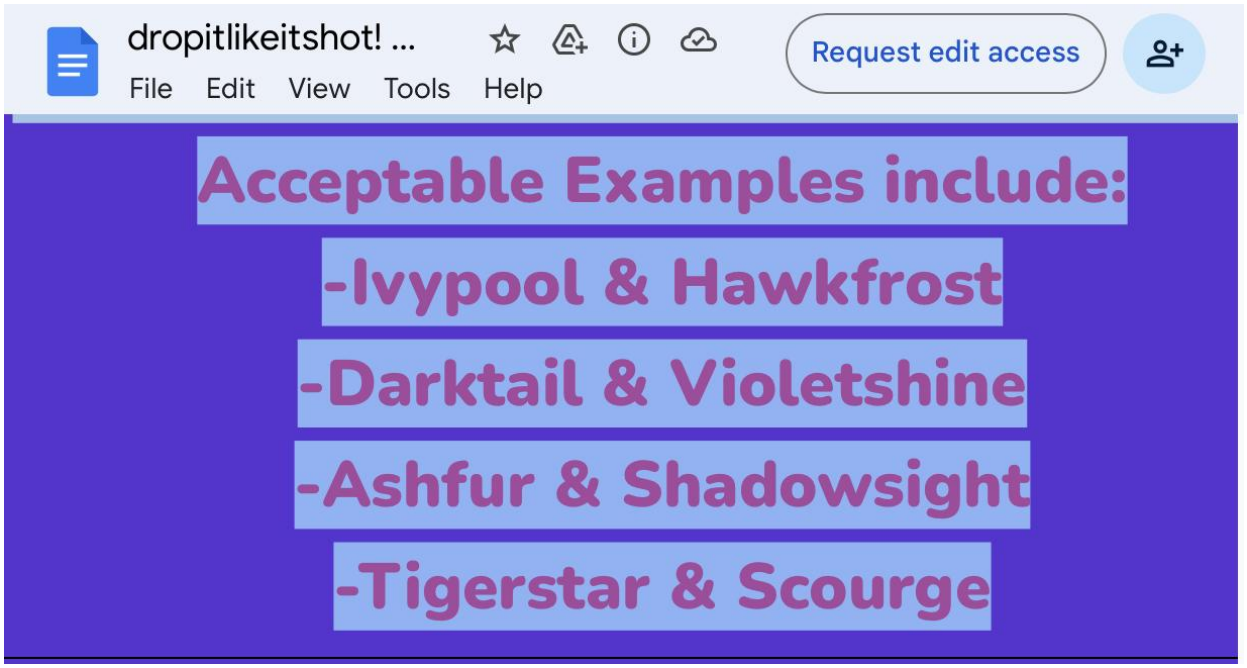


The following ships are all pedophilic and/or involve abuse.

- Darktail & Violetshine: Violetshine was a kitten when she joined The Kin with Needletail. By the time Needletail is killed in Shattered Sky for refusing to kill VioletPAW upon Darktail's orders, Violetshine is STILL at apprentice age. No matter how you put things, Darktail not only is an adult while Violetshine was a kitten, Darktail also tried to kill her, murdered her best friend, and destroyed her home clan.

- Ashfur & Shadowsight: their entire plot is focused around Ashfur manipulating Shadowsight into doing his bidding and lying to him constantly. Not only that, Ashfur has been doing this to Shadowsight ever since he was a young apprentice. Ashfur is a long-dead cat born in the first arc who abused Squirrelflight and attempted murder on 4 cats while he was alive. Similar to Hawk & Ivy, as a ship this is an abusive and pedophilic dynamic, with explicit grooming.

- Tigerstar & Scourge: when Scourge was a kitten, Tiny, he was nearly beaten to death by Tigerpaw for "trespassing" as ordered by his mentor, Thistleclaw (who is canonically a pedophile). Tiny was a very young kitten while Tigerpaw was an apprentice, the fact Tigerpaw beat him up while he was basically a small child and also knew who Scourge was even while he was a kitten, as a ship, is abusive and can easily be written to be pedophilic if Tigerpaw were to "develop feelings" during the events of Scourge's childhood.



On June 4th, 2023, Geuse uploaded his part in this map, which depicts the sexual assault of Ivypool by Hawkfrost.
While depicting grooming in art isn't in itself a bad thing, the depiction here is extremely disturbing and **made to shock the audience**, as it openly shows Hawkfrost forcefully making out with Ivypool, a shot which is **lingered on,** after she's just been forced to murder someone. This part is fetishistic in nature.
Grooming is a disturbing subject and experience, but knowing Geuse's past in making feral NSFW art, and other videos made to shock others, I do not believe this was made in an attempt to show the true horrors of grooming. Geuse did not do this before Straight Boyz either when he was reported to still be a genuine and caring person.
This was made purely to shock, disturb, and get attention from people.

Harassment

Geuse and his friends have been engaging in targeted harassment towards multiple users who have criticized the Straight Boyz MAP or Geuse himself. Geuse has encouraged and enabled this behavior from those who know him and continues to do so. Even cheering on minors like

Blue for defending him and sending death threats to users. I will warn in advance that the following screenshots contain **mentions of s/h and suicide as outlined in the doc warning.** Please take care of yourselves.

General harassment

Many victims of Geuse's harassment have requested to be completely omitted from this document, so here will be a few scattered examples of anonymous users receiving death threats and/or spam from Geuse's friends, as well as admissions of guilt from them. Geuse has not discouraged this behavior.

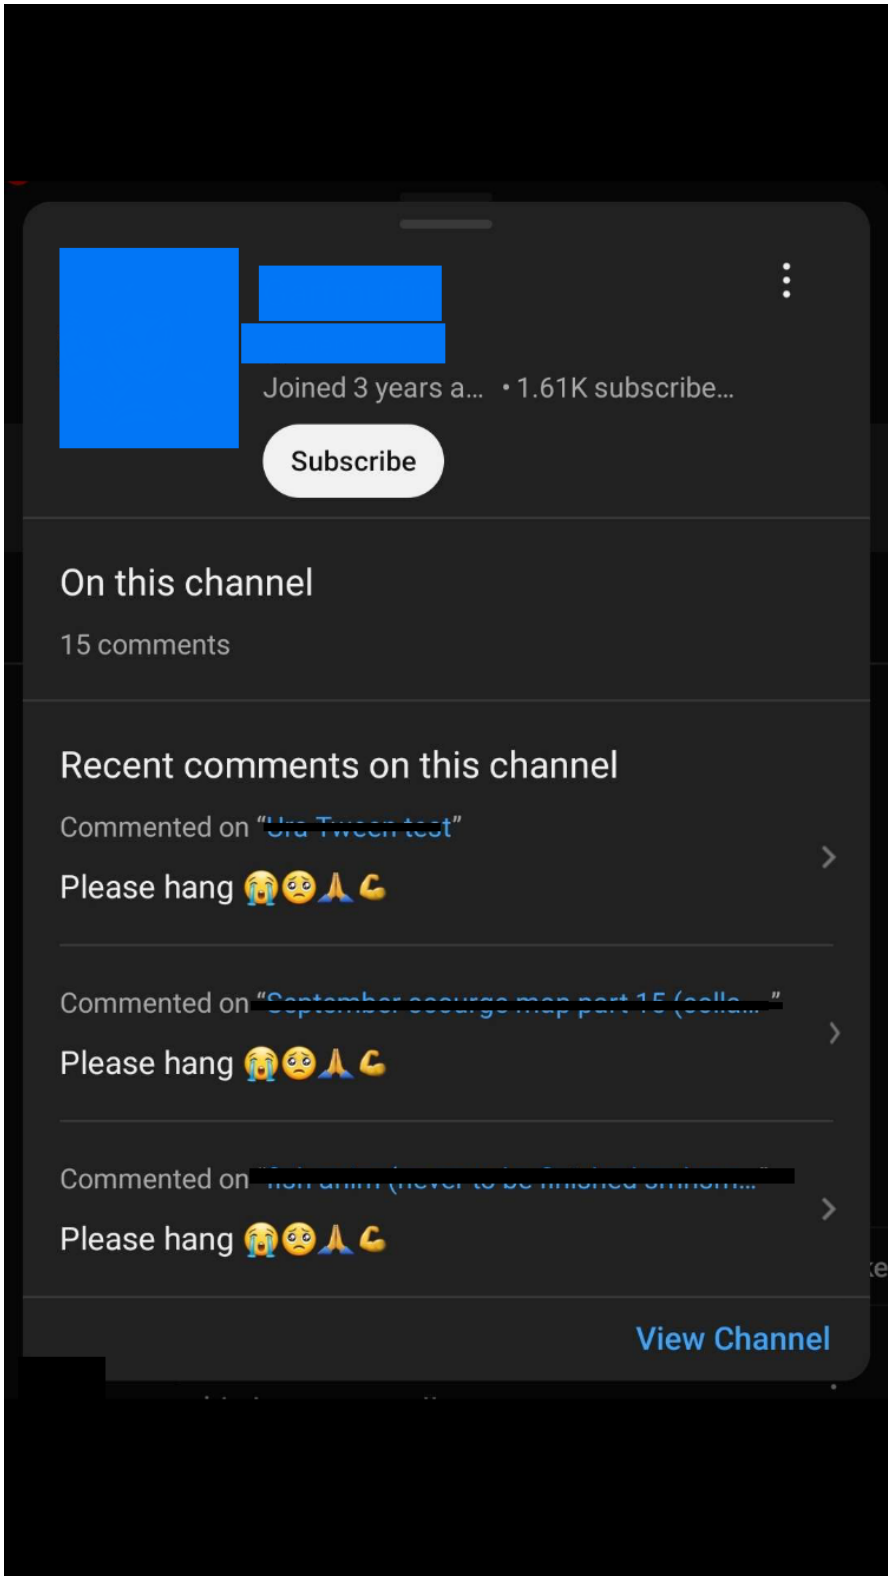
The below comments were targeted at another user on their videos. This user is a friend of Gold who's been trying to help them and their friends with their mental struggles after a new, rather problematic, person became friends with Gold & the others, halting their improvement. Gold and this user have since been trying to help their friend who's now friends with a self admitted necrophile. Blue started to attack all 4 of them indiscriminately.
This user, the one targeted with the "please hang" messages, is ALSO an ex-friend of Geuse.



Brown is an ex-friend of Geuse who was present for Straight Boyz. This is in response to Brown criticizing Geuse.

Many of Geuse's victims have been scared or manipulated into silence in fear of retaliation if they were to say something.
Geuse has a cycle where he calls someone out erroneously, harasses them, laughs at them, and then spontaneously decides to talk to them, acts all civil, and pretends nothing happened unless that person decides to speak out. Only to move onto the next person.

Harassment of Pineecat

On the 16th of June, 2023, Pineecat, an ex friend of Geuse, began receiving replies on Twitter from Geuse repeating “17” over and over again.

Prior to this, Geuse and Pinee have not interacted since they fell out, which is detailed here: https://docs.google.com/document/u/0/d/1u45NWa65GbjCsOYy_JigxosOuDYovesa38N1rJBpN8M/mobilebasic
But Geuse received word from a currently unknown source that Pinee's girlfriend is 17, which is likely what these tweet replies are referring to. Pinee and their gf got together in December of 2022, Pinee was 18, their gf was 17. The age gap is merely 2005 to 2004. This is NOT a pedophilic relationship. Pinee just turned 19 this April, and their gf turns 18 in September. Something Geuse was told repeatedly.
Geuse spread this rumor amongst his public server with no context, and did not discourage harassment being sent to Pinee and their friends.

I apologize for how all over the place the in-screenshot dates are, they were taken at different times because I forgot to screenshot the @everyone.

[Addressing some rumors and allegations.]

Recently, a rumor has been spread that I'm in a romantic relationship with a minor. I'm here to tell you, even though I genuinely don't like speaking openly about my private life, that the rumors being spread are false and paint a false narrative of myself. My partner and I began dating December 8th of 2022, in which she was 17 and I was 18. I turned 19 in April 14th, and was born in 2004. Whereas she turns 18 in September and was born in 2005. This is one year apart, and is not in the range of predatory.

Although according to the law she would be included as a minor, our age difference is shorter than that of those who date minors whom are 10-15 and are 19-20. Those people would be considered as predators. I do not like to openly speak about my relationship, why? Because there's no place for it in my content. I draw warrior cats, I don't openly discuss my partner for reasons because I don't want people getting her involved in the community and it's

The accusations being thrown at me that I'm a "predator" or a "p**oph*le" are life ruining, and damaging. I am none of those things. Please refrain from furthering this rumor, as it's extremely harmful. If you don't have information to back up the rumor, then stop. I want to add on, that accusing me of something like this, takes away from serious situations in which there is actual proof and actual evidence of a grown adult dating someone within years range less of them. This takes away from genuine victims.

After this, im going to be taking a break. Although I will be working on map parts, there will be no posts for a bit. My life is hectic and chaotic, and the fact that I now have to explain how I'm not what people are saying I am— is wild to me.

Geuse claims that this is retaliation for Pinee “calling him a pedo”. Pinee did nothing of the sort. Geuse is getting mixed up with the kids who have misrepresented the original straight boyz

claims, and Pineecat themself. Pinee themself has been actively frustrated and mad at the people who misrepresent our arguments, as am I. This is a blatant lie from Geuse he's taken no effort to prove.
On top of that, Pinee's friends have received a false MAP Application calling Pinee a pedophile. We do not know who this is coming from, but it's concerning.

Even later that night and into the morning Geuse published a video called “Context is Cool” where he admits he knows the accusations are false, and is only doing this to upset Pineecat. He retells the story of when they stopped being friends, interspersed with multiple lies about tracing with zero evidence, even when you seek out the people he say have the info, and repeatedly calling Pinee a “c*nt”. Geuse also claims that Pine has been called out multiple times and that it’s easy to find evidence of their past behavior. It absolutely is not. There are no callouts we have found, and all of this is unsubstantiated. Then, Geuse, why don’t you show us?

Instead of retreating into your echochamber where everybody is uncritical of you, no wonder you believe people are beginning to like you. Nevermind the fact that **everyone** you mention in your video are no longer friends with you as of the last few months.
In his server(s) after the fact, him and his friends say and do this:

Geuse would never let a child top him

[redacted] Today at 12:19 AM
Or would he

This is unbelievably invasive, talking about the sex life of two people in an ONLINE relationship. As of writing this, Pinee and their gf have never once met in person. Derek's comments on grooming here are also extremely unsubstantiated and rely solely on confirmation bias. And of course, styling your server profile after Pinee in this way is blatant mockery. This is absolutely bullying and it is unacceptable.

Geuse then decided he would send his friends after Pine again. This is the definition of **targeted harassment.**

Pine never sent anybody to attack Geuse, they came of their own volition. Many of the people targeting Geuse weren't even friends of Pine. Other users and creators were spreading rumors, and their fans came after Geuse. They were not sent. Geuse of all people should understand how the internet works, people just do that. Speaking as somebody who did comment negatively on Geuse's stuff back in the day. Pine did not "send me". Nobody sent me.

I genuinely don't remember but wasn't Kimmy who made up the rumors first and then din helped spread them? Or was it the other way around
Geuse Today at 11:21 AM
din started all of it
Kimmy apologized to me privately and we're cool now

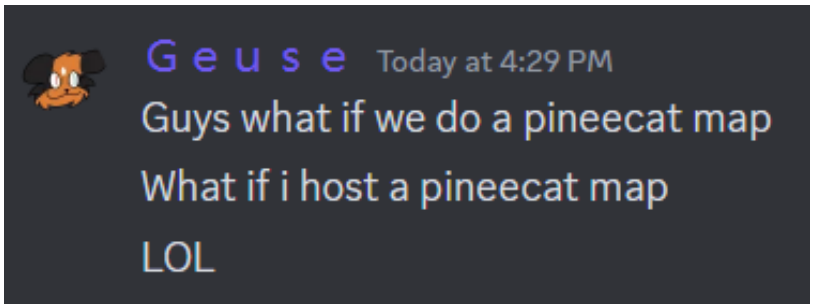
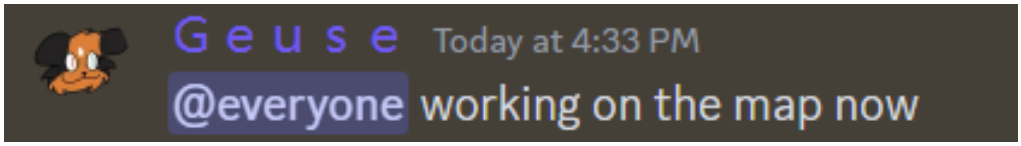
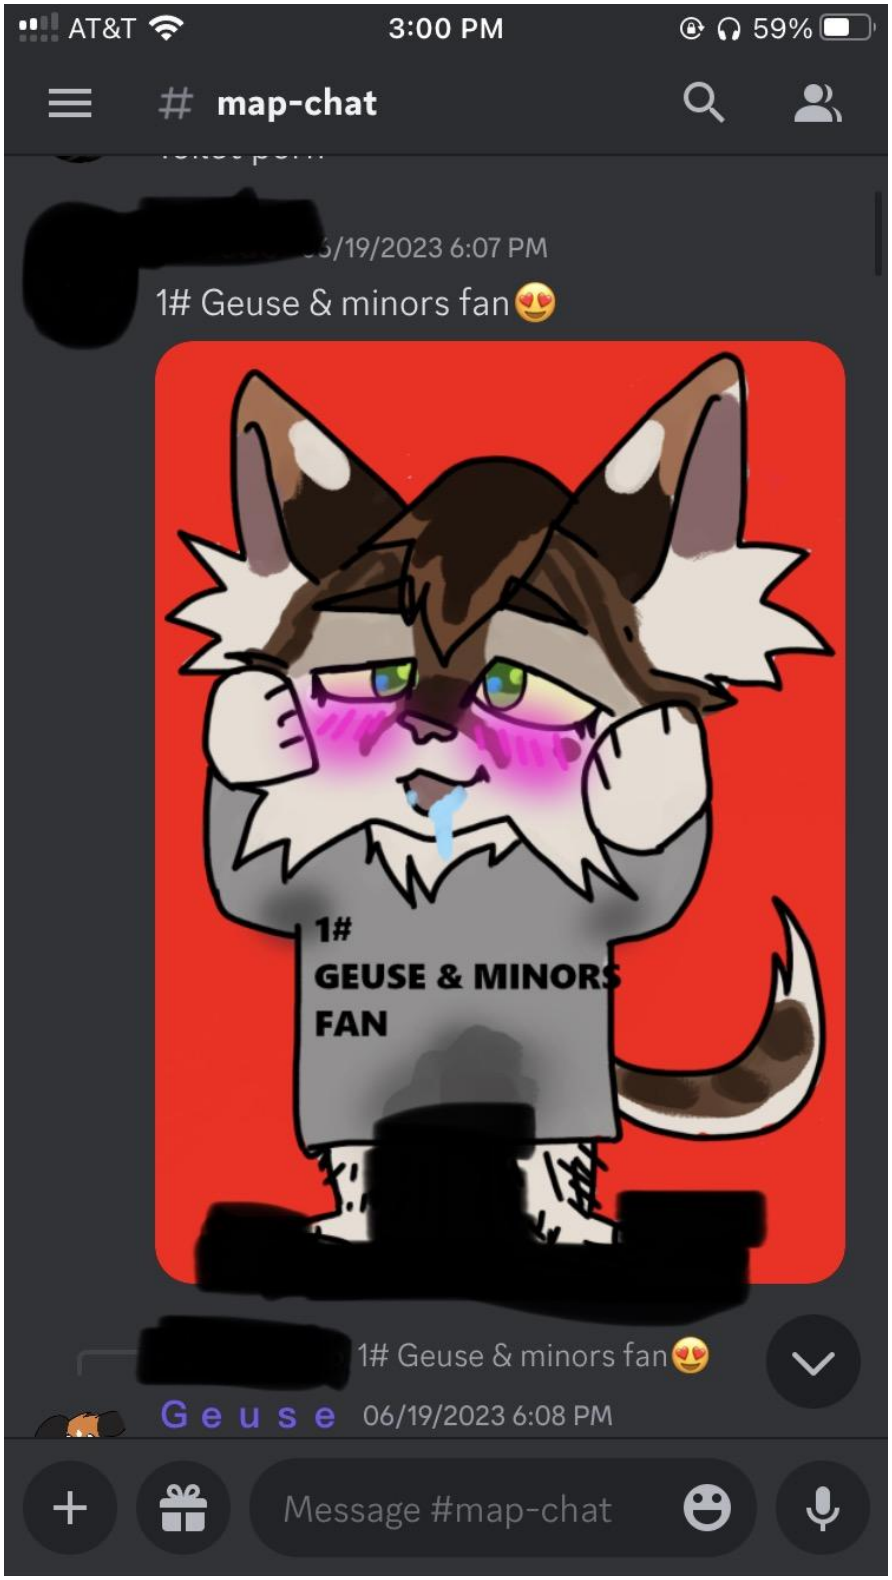
As of June 19th, 2023 the server name and icon has changed to this





This map did end up getting completed, you can see it's contents in this folder:
https://drive.google.com/drive/folders/11SbVpStRjB4lMlv1ow8BJhRARUogQ4gT
I don't think we need to elaborate on how vile this form of harassment is. As it depicts sexual intercourse between Geuse and Pine's OC. Of course with intent to upset Pine, all of this without Pine's consent.
During planning, others made more inappropriate art not included in the final map:



The above image is censored urine, because it’s genuinely uncomfortable to look at.

It has come to our attention that even more users than we expected in the server are under 18, even moreso: under 16. All of their names have been censored for their safety. If their name is

censored in color, they have either admitted to being a kid, or are suspected to be. Do not seek them out, do NOT harass them.

It’s important to note that the accusations and “jokes” about Pine are **life ruining** accusations, it’s not a fucking joke. And yet Geuse treats serious topics like this as funny jokes anyway as already established. It’s messed up and extremely dangerous.

Do NOT interact with Geuse. Block him. Spread this. He won’t hesitate to try to ruin your life if you “hurt his feelings”. He is a dangerous individual. This is BARELY scratching the surface. I encourage you, if you are a victim of Geuse, to share your story when you feel safe. We will link it below.
